R&D Systems® PNGase F Exhibits the Same Activity as the Enzyme from the Leading Supplier. Data is reprinted by permission of ThermoFisher Research and Development. PNGase F from R&D Systems (Cat# 9109-010) and the leading competitor shown that R&D Systems® PNGase F exhibits the same activity as the competitor's enzyme.

R&D Systems® PNGase F Offers a Better Value than the Competition

R&D Systems recognizes that it is cumbersome to compare products between companies when each company has a different standard for product size. To help you compare the value of R&D Systems® Recombinant F. meningoseptum PNGase F (Catalog # 91 09-010) and PNGase F from the leading competitor, we graphed the total activity for each enzyme. You will get back as many reactions from R&D Systems® PNGase F compared to the competitor's at the same cost. Calculate the cost/100 reactions for each enzyme and you will see that R&D Systems® PNGase F is the best value!
